Unlike most other dance studios, all of our students sit in the audience to watch each class dance.
When it is their turn, they come into the wings and then on the stage to perform.
Then they return to their seats to watch the rest of the show.
(This is fun as well as a learning experience for the children)

***Classes are held on all other days, even when public school is not in session.
For weather closures, call the studio for a message or check the web site.
